

2021 KOI

Koi are unique ornamental fish that are considered by many to be living jewels. Our special koi feed keeps your koi looking healthy and attractive.

Sinking feed

Floating feed

Prebiotic and/or Probiotic

Omega-3 fatty acids

Contains Actigen®

Strengthens the colour of the fish

Including Montmorillonit (CLAY)

Flavoured with insect meal

Alltech® COPPENS

DEDICATED TO YOUR PERFORMANCE

KOI

AQUATE™

Innovative premix in all **Alltech Coppens'** feeds.

- + Optimizes growth
- + Supports immune response
- + Optimizes digestive function
- + Contributes to mucous barrier protection
- + Contributes to external barrier protection

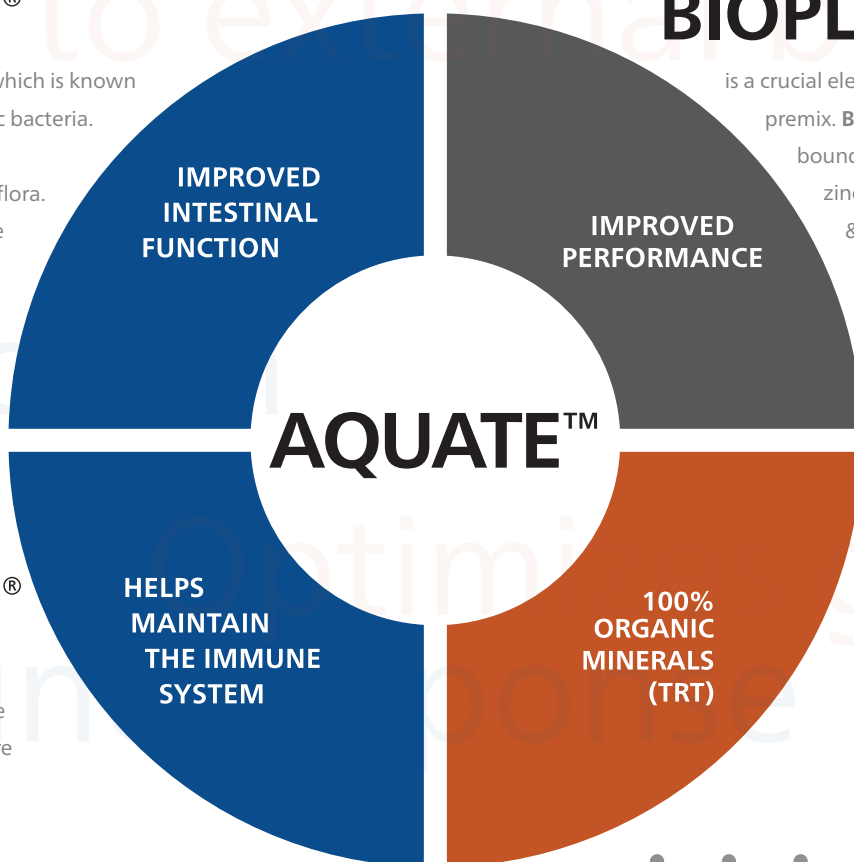

BIO-MOS®

is a mannan-oligosaccharide, which is known to bind and drain opportunistic bacteria. This can result in a significant improvement of the intestinal flora. Additionally, it can improve the structure and length of the microvilli in the gut through which the nutrient intake can increase. **BIO-MOS®** contributes to mucous barrier protection.

ACTIGEN®

is derived from yeast cell walls and supports the fish's immune response. **Actigen®** furthermore optimizes growth in fish.

BIOPLEX®

is a crucial element in our new premix. **BIOPLEX®** are organically bound trace elements such as zinc, copper, manganese & iron. With **BIOPLEX®** we can improve the health, growth & performance of the fish.
